

Class 1 Assembly

Class 1 parents and the rest of the school were treated to a special dinosaur themed assembly at the end of last half term. Children gave us a fashion show of their colourful hand tie dyed t shirts. They wowed us with their fun dinosaur rap and shared stories they had written based on 'Harry and his bucketful of dinosaurs.' Their Computing skills were also on display with their PowerPoints they had made following their research into dinosaurs. They had obviously really enjoyed their topic and enjoyed sharing their learning with us. Well done Class 1!

Tree planting in the Community Orchard

You may recall I shared with you that a hide has been built for the children to use in the Community Orchard; Class 1 have already made good use of this resource for their topic on seasons and changes. Three children from each class took part in the first round of tree planting at the Orchard on the Friday before half term. This is a project that the school will continue to be closely involved with.

Key to life mobile classroom

KS2 Children from 4 of the Tiptree schools were invited to join Reverend Anne-Marie Renshaw and her team at the mobile 'Key to life' classroom based at St Lukes Primary for the week. The children enjoyed this interactive session and were encouraged to share their ideas and learn Jesus' life and teachings. They were a credit to the school, listening carefully and asking and answering questions sensibly and politely.

Harry Potter Trip

Children in Class 3 had a wonderful trip to Harry Potter World to tie in with their literacy focused topic in class. They enjoyed exploring artefacts used in the films and learnt how the special effects were created. The highlight was a tour of the studios.

Coronavirus

Please take a look at the attached Newsround link and share with your child as you feel appropriate. It's a reassuring piece about the virus aimed at children and will hopefully help to allay any worries they may have.
